

## IOT Watson Platform

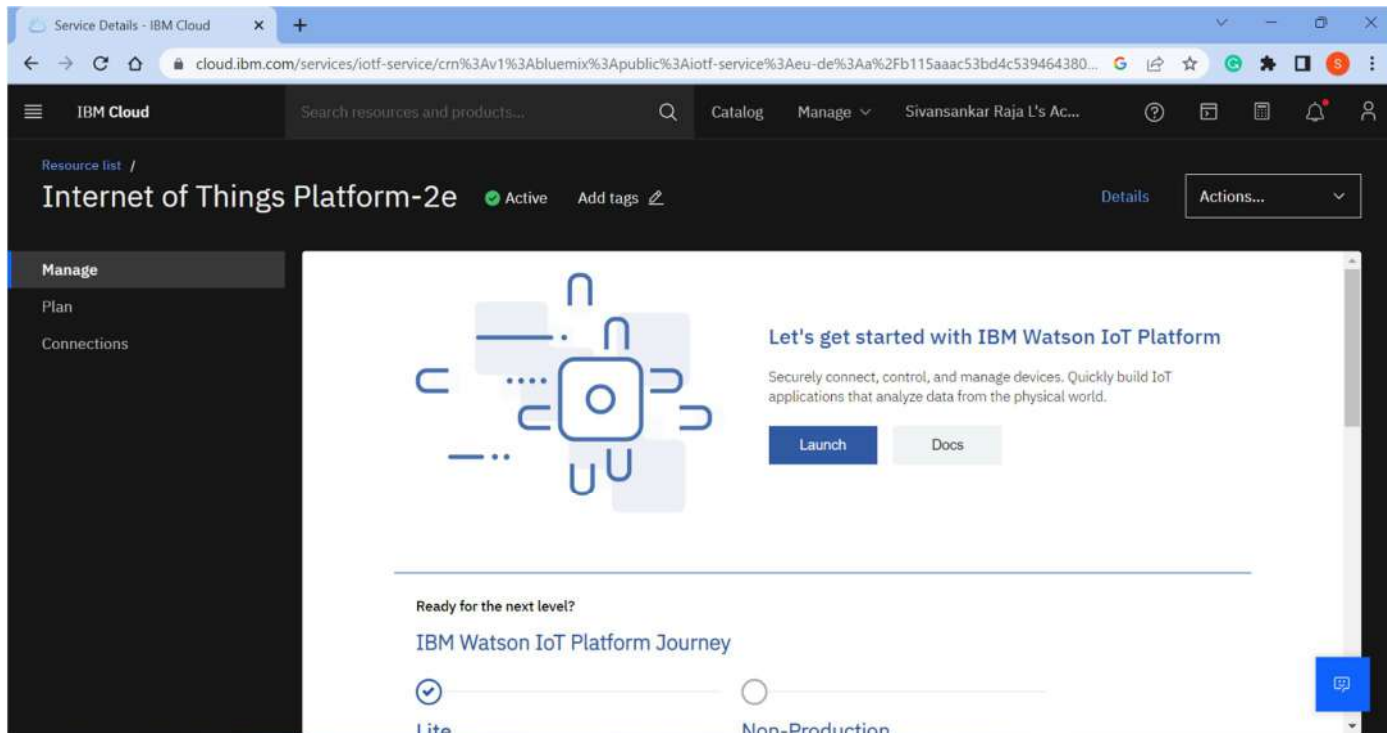

Step1: log in your registered id

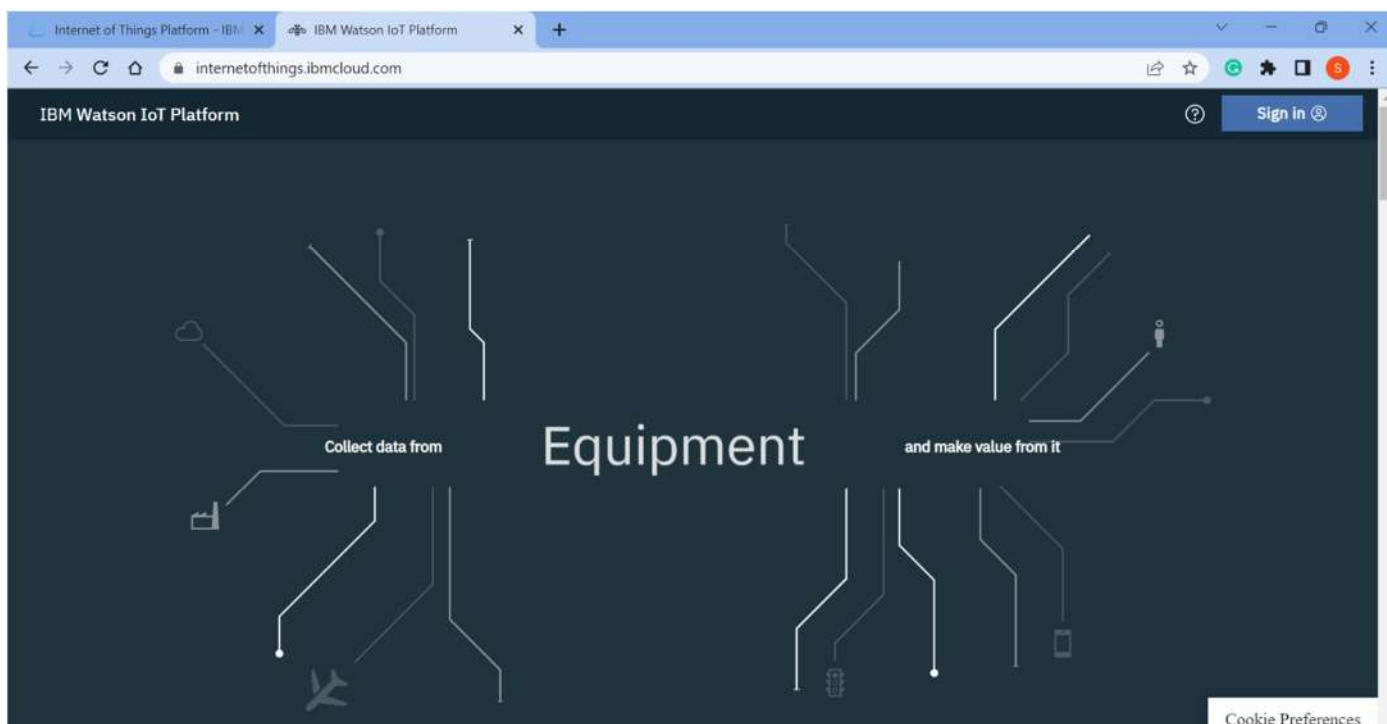

Step 2: click catalog where you find the services and internet of thing you can select and make location as London

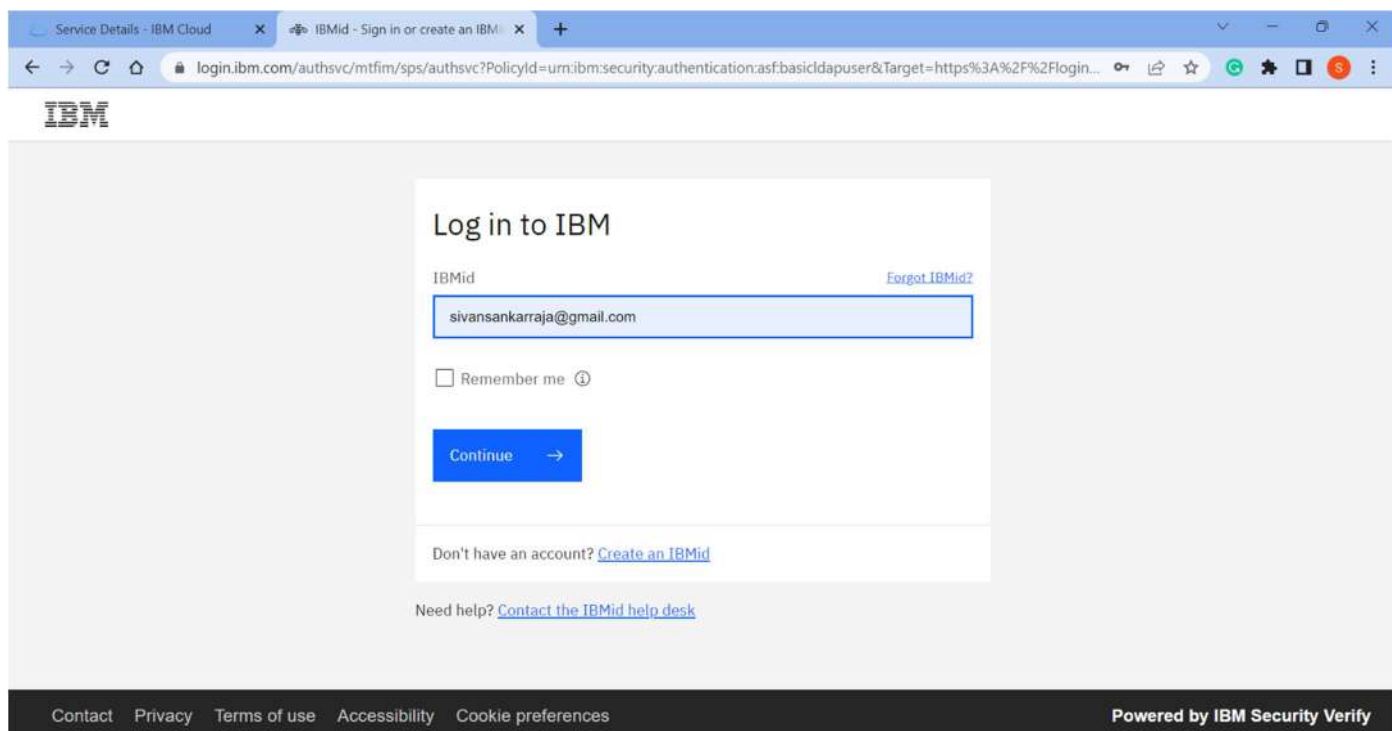

Step 3: click create and the launch tab get open, then click launch

Step 4: It redirect you to IBM WATSON platform where you need to click sign in

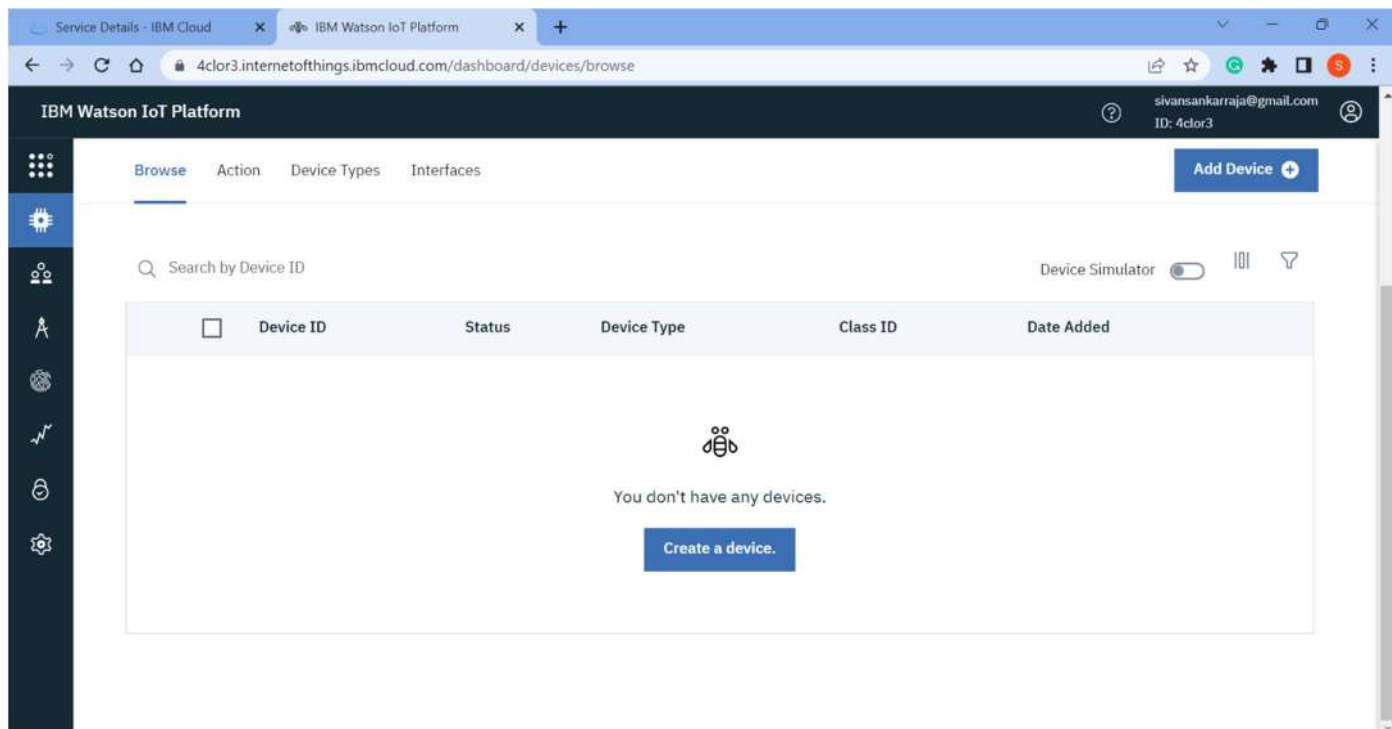

Step 5: you need to log in IBM ID

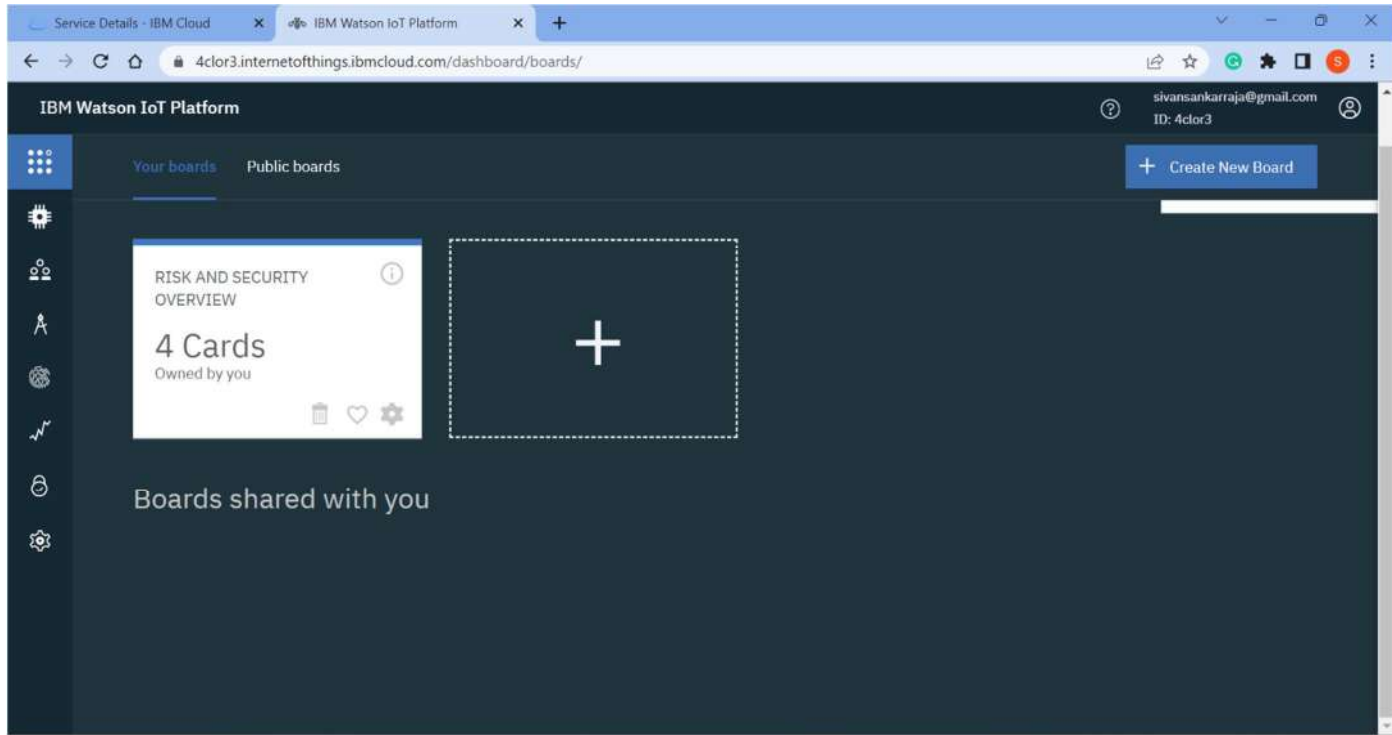

The screenshot shows the IBM ID login page in a web browser. The browser's address bar displays the URL: `login.ibm.com/authsvc/mtfim/sps/authsvc?PolicyId=urn:ibm:security:authentication:asf:basicdapuser&Target=https%3A%2F%2Flogin...`. The page features the IBM logo at the top left. The main content area is titled "Log in to IBM". Below the title, there is a section for "IBMid" with a text input field containing the email address "sivansankarraja@gmail.com". To the right of the input field is a link labeled "Forgot IBMId?". Below the input field is a checkbox labeled "Remember me" with an information icon. A blue "Continue" button with a right-pointing arrow is positioned below the checkbox. At the bottom of the login section, there is a link "Don't have an account? Create an IBMId". Below the login section, there is a link "Need help? Contact the IBMId help desk". The footer of the page contains links for "Contact", "Privacy", "Terms of use", "Accessibility", and "Cookie preferences", followed by the text "Powered by IBM Security Verify".

Step 6: where you find this tab which is used to add device , app, member ,usage , security can be worked

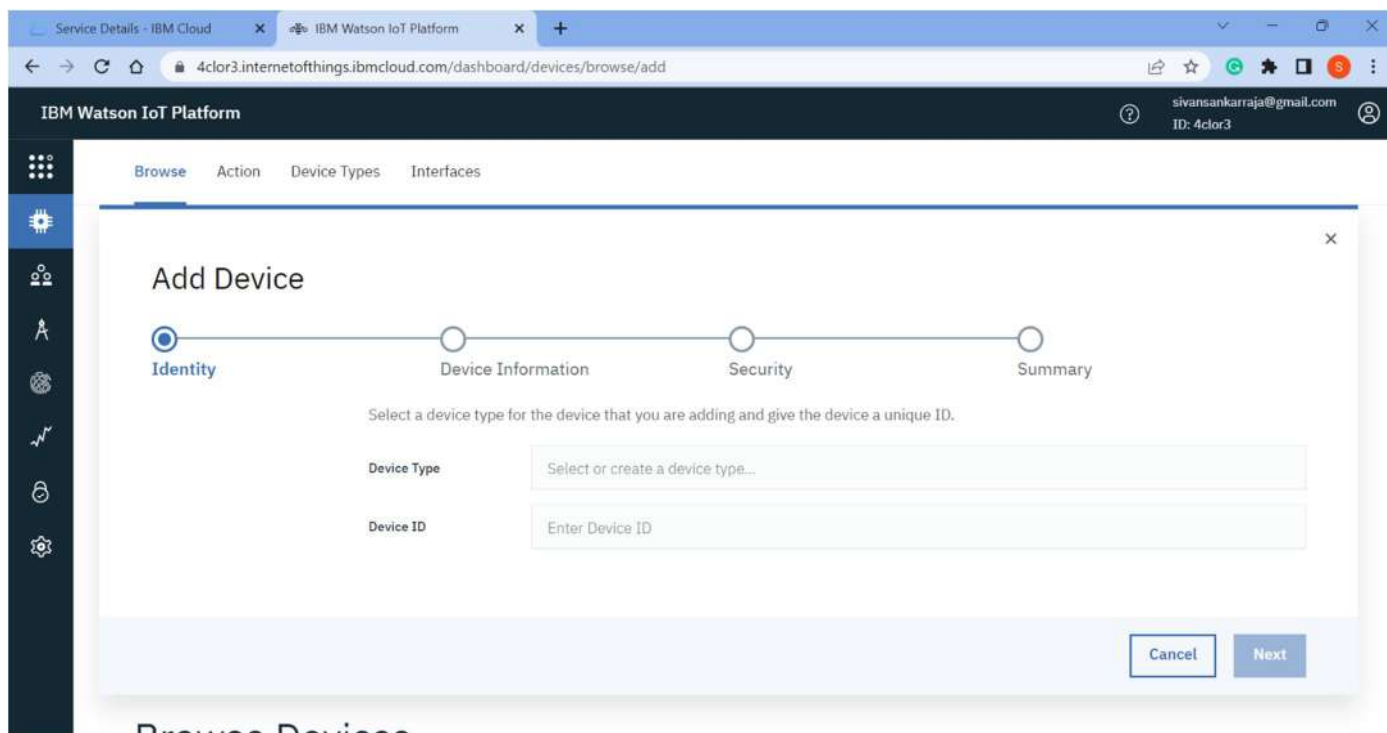

The screenshot shows the IBM Watson IoT Platform dashboard. The browser's address bar displays the URL: `4clor3.internetofthings.ibmcloud.com/dashboard/devices/browse`. The dashboard has a dark blue header with the text "IBM Watson IoT Platform" and a user profile section showing the email "sivansankarraja@gmail.com" and the ID "4clor3". Below the header is a navigation bar with tabs: "Browse", "Action", "Device Types", and "Interfaces". The "Browse" tab is selected. On the right side of the navigation bar is a blue "Add Device" button with a plus icon. Below the navigation bar is a search bar labeled "Search by Device ID". To the right of the search bar is a "Device Simulator" toggle switch, which is currently turned off. Below the search bar is a table with the following columns: "Device ID", "Status", "Device Type", "Class ID", and "Date Added". The table is currently empty. Below the table is a message that says "You don't have any devices." with a "Create a device." button below it. On the left side of the dashboard is a vertical sidebar with various icons representing different IoT concepts.

Step 7: check boards for risk and security overview card , it uses for graphical representation boards

Step 8: after clicking create a new device / add device you can choose an device type and device id and complete the following information to create a device

Step 9: created a device of nodemcu
